

**BIRDS OF THE  
WORLD - G**

*ASTER CRUENTUS: Gould.*

## BIRDS OF THE WORLD - A

*The Birds of the World* series captures images of thousands of bird species from around the world. Images are from out of copyright images from various technical journals and books of the 1800's. Other sources are annotated as appropriate.

Bird species are listed in alphabetical order by the standard English common name.

*The Birds of the World - Cross Index* volume lists the birds shown in the

various volumes in alphabetical order by Latin binomial.

*The Birds of the World - Artists and Sources* volume provides short biographies of the artists whose works are included in *The Birds of the World* and publication information for the sources of images.

All volumes are provided as standard .pdf files.
